## 1. SULTANPUH PRIMARY SCHOOL

We first met these children in Sultanpuh Village in September 2016. In less than 6 months, we designed, manufactured and delivered 40 desks and chairs to the school. These desks and chairs will benefit more than 160 children every year for the next 10 years!

School children sit on the floor for long hours during school in winter and summer (before our donation)

Sitting with good posture ensure the body is in good alignment and reduce strain, tight or achy muscles in the neck, back, arms and legs.

## 2. BARKI BABHANI PRIMARY SCHOOL

This is the second primary school in the Gaya region that received our donation in 2017. A total of 32 desks and chairs were donated to this school.

School children at Barki Babhani primary school can now sit with good posture during the school time

### 3. DONATION BOXES IN CAFES

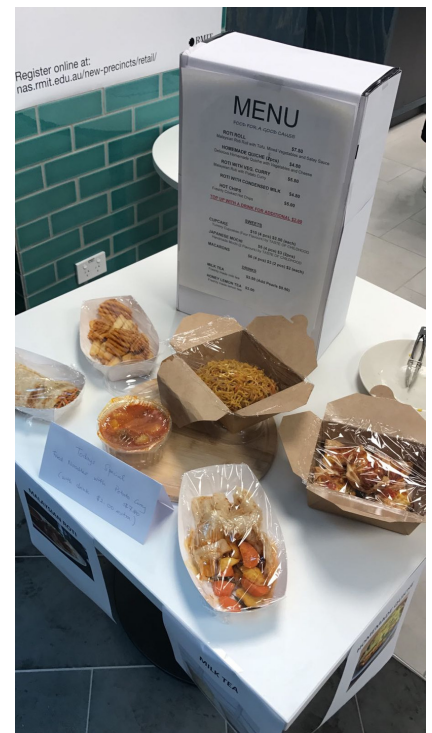

We truly appreciate the generosity of Jamps cafe and Mocchiato cafe for setting up a donation box at their cafe counters. The additional fund from the donation will allow us to build more desks for the schools in India.

## 4. POP UP STALL AT RMIT UNIVERSITY

A pop-up food stall was set up in RMIT city campus on 6th and 7th September 2017 to raise money for Hundred School Project. We appreciated the kind support from RMIT University in providing us this opportunity and beautiful space.

## 5. FUNDRAISING DINNER

We held two fundraising dinners at Lentils as Anything in 4th March and 28th October 2017. Half of the fund that went towards supporting the charity work of Lentils and the rest was spent on constructing more desks for the schools in India. More than 60 tickets were sold in both events.
